Course Check

The professional phase of the Radiologic Sciences program is a rigorous combination of didactic (classroom) and clinical instruction. Courses identified as prerequisites and general education requirements will not only give you the required foundation to be successful in this program, but will also help to mold you into a well-rounded radiographer. Below is a list of all of the general education and prerequisites that must be completed PRIOR to matriculating (starting) into the professional phase of Radiologic Sciences. Please indicate the term and year in which you satisfactorily completed OR plan to complete the following courses. Prerequisites and general education courses may be completed in the Spring and Summer terms immediately prior to starting RAD in the Fall if needed.
